Clean Team data is provided by Chrysalis. Safe Team data is provided by Allied Universal. Activities are reported daily by Clean and Safe Team members, who are employees of Chrysalis and Allied Universal, respectively. Chrysalis and Allied managers compile these reports into a monthly summary. The VB BID relies on our vendors' decades of BID expertise for the statistics we provide.

Clean Team Supervisor's Notes for February

Lot 731 (at Venice and Pacific) and the adjacent canal ramps remain clear, and Clean Team continues to coordinate with Safe Team to ensure maintenance of the area. Trees throughout the district have received attention to deal with graffiti in a manner that does not harm them. The Clean Team has been consistent in removing graffiti from roll up doors on Ocean Front Walk, and we have noticed a reduction in visible tagging. Due to recent weather conditions, there were fewer pressure washing hours for the month of February.
