Safety & Security²

Clean Team data is provided by Chrysalis. Safe Team data is provided by Allied Universal.

¹ Includes noise complaints, misuse of bikes and scooters, and public drinking/smoking/urination/defecation.

² Includes safety escorts, responding to alarms, medical emergency/accident responses, and lost individuals.

In one of our meetings with LAPD, they recommended a way to help them recover your bike!

It's called Bike Index and here's how to use it.

Bike Index is a widely used bike registry that's fast, secure, and free.

All you have to do is go online at bikeindex.org and do this:

REGISTER YOUR BIKE

- Enter the make, color, manufacturer, component information, and serial number
- Note any distinguishing marks such as stickers or tape
- Upload a picture

REPORT IF MISSING

- Report a lost or stolen bike immediately
- Log the location of theft/disappearance
- Record the police report number

The entire Bike Index community and its partners will be alerted and registered bikes are more likely to be recovered. [Register your bike today on bikeindex.org](http://bikeindex.org)

In an **EMERGENCY** situation, please **call 911** before notifying the VB BID.
To request service for non-emergency incidents,
call our dispatcher at **310-396-VBID (8243)**
